WASHINGTON CITY.

Bristow's Resignation.

NEW YORK, June 18.—The *Herald's* Washington dispatch says: Bristow's resignation was placed in the President's hands a week ago Friday, to take effect on the 30th.

Bristow has openly denounced Blaine's candidacy since the convention.

The *World* editorially says Bristow recognizes the nomination of Hayes for what it is, a contemptuous dismissal of the question of administration reform from all places in the programme of party for the Presidential campaign. The failure of the Cincinnati convention to nominate him is fatal [illegible] by him as it must be interpreted by all candid and clear sighted persons of all parties, whatever, as a deliberate endorsement of the principles and practices of Grantism. In this state of the case it is plainly impossible for Bristow with anything like a decent show of self respect to retain his seat in the Cabinet of President Grant.

The *Times* says the resignation of Bristow was a somewhat open secret a fortnight ago and its formal announcement was delayed until after the Cincinnati convention merely to deprive the act of any appearance of being made for political effect. Bristow cites the demands of his private business as reason of his retirement from the Cabinet, and we are in doubt to accept that as the true explanation of the step which is of no slight public importance. Bristow has proved himself too acceptable a public servant and too clear sighted a statesman to be permitted to remain long in retirement. It would be somewhat singular should the next administration not find use for his services and be able to strengthen itself by the moral influences which have become associated with his name.

Who will Succeed Bristow?

The *Herald's* Washington special says the question who will succeed Bristow is widely discussed to-night. It is said the President would like to appoint Alex. R. Shepherd, but knows his favorite would be rejected by the Senate. His next choice is said to be Chandler. Treasurer New is also mentioned, but the appointment most likely to be eventual is Ex-Gov. Morgan of New York.

Bristow's Relations with the President.

WASHINGTON, June 19.—Bristow's place has not been congenial to him for the past year. While there was no break in personal relations between him and the President there had been for a long time a mutual reserve and undefined feeling of discomfort when together. The President will be quite as good as his word, and if the Democrats continue in their obstinate course the entire machinery of the government will probably be suspended on July the 1st. As the situation looks now it does not seem possible for the House to pass the appropriation bills before the end of the fiscal year.

Other Cabinet Changes Hinted.

It is believed that other important changes will follow the retirement of Bristow, though this may in a measure depend on who the new incumbent shall be. Treasurer New will certainly retire by the end of the fiscal year. Assistant Treasurer Wy[illegible]man might possibly succeed New, he having been favorably mentioned to the President.

Grant's Reply to Bristow.

Grant's letter in reply to Bristow's resignation was written to day. The President accepts his resignation with the expression of a hope that in his retirement from public office he will find that rest which he could not have in his present position, and desiring that the personal relations between them shall remain in their present attitude.

Bristow's Successor.

WASHINGTON, June 19.—A rumor is very prevalent this afternoon that Congressman Hurlbut of Illinois will be nominated as secretary of the treasury, but it cannot be traced to any reliable source. General Hurlbut himself says he knows nothing about it.

Twenty-Five Cabinet Changes by Grant.

NEW YORK, June 19.—The *Tribune's* Washington correspondent says: When Bristow's place shall have been filled the changes in Grant's Cabinet, in the seven years which he has been in office, will number twenty five—a fact without precedent.

Postal Changes.

WASHINGTON, June 18.—Postoffice discontinued: Monticello, Cowlitz county, W. T. Postmaster appointed: John Louisnant, Scappoose, Columbia county, Oregon.

Two Million Dollars for Public Buildings.

The House committee on appropriations yesterday agreed to report $2,000,000 for public buildings, the estimates of the treasury department being over $3,000,000.

Indicted for Bribery.

WASHINGTON, June 17.—Yesterday the grand jury returned an indictment against Richard Harrington and Arthur B. Williams, each for bribery. The first named is charged with having on the 17th of October, 1873, while assistant U. S. attorney, received the sum of $1,000 to have his decision and action on a proceeding pending before him influenced in the matter of motion for new trial filed by one Hope H. Slatter, convicted of murder, and that he did ask and receive such sum therefor. The second charges that A. B. Williams did give the sum of $1,000 to Harrington as a bribe to influence his action in the case referred to above. Hope H. Slatter is endorsed as a witness. Williams appeared before Judge McArthur and gave bail in the sum of $5,000.

Nominations.

The President has nominated John Welber consul at Monterey and B. W. Green consul at Cor[illegible]va.

The Caldwell Telegram.

WASHINGTON, June 19.—The W. U. Telegraph Co. produced some telegrams before the House judiciary committee to-day. From these it appears the dispatch from Josiah Caldwell to Knott about Blaine was sent to Caldwell from Washington, with the request to cable it immediately to the chairman of the House judiciary committee.

The Caldwell Dispatch Not Genuine.

Congressman Hewett has been interviewed by the *World's* reporter. It seems that Hewitt has been trying to unearth the genuineness of the Caldwell dispatch, and after all his exertions is confident that it was invented in New York. He has no evidence to support his view, but is willing to wager a thousand dollars to one.

The History of the Caldwell Telegram.

WASHINGTON, June 19.—The following telegrams were produced to-day before the committee on judiciary by Hicks, cable clerk of the New York Western Union Telegraph office:

Telegram No. 1—Washington, May 26.—To Josiah Caldwell, London, England: See Scott's testimony in the papers of the 18th. Telegraph him at Philadelphia as you truthfully can the strongest endorsement of his statement. A. P. ROBINSON.

Telegram No. 2—June 1876—To Josiah Caldwell, Tunbridge Wells, England—Don't let newspaper men or others interview you. R.

Telegram No. 3—June 1876—Josiah Caldwell, Tunbridge Wells—If false authorize me to deny you paid Blaine. SICKLES.

St. James Hotel, care Mr. Denicka.

Telegram No. 4—Received at W. U. building, Broadway and Dey streets, May 1, 1876—Josiah Caldwell, Cannon street, London—Thanks for your cable confirming all my statements. SCOTT.

Telegram No. 5—Received at W. U. building, Broadway and Dey sts., May 1, 1876—Sickles, London—Dispatch received. Cable this immediately to the chairman of the House judiciary committee: Have just read Scott's evidence about our bond transaction in New York newspapers and fully corroborate it. I never paid Blaine any Little Rock bonds directly or otherwise. Am now building three European railroads and cannot leave without great pecuniary loss, or would gladly and voluntarily come home and testify. Can send affidavit to that effect and mail it if desired. Not signed.

Telegram No. 6—Received at W. U. building, Broadway and Dey streets, May 1876—Tavo, London. Cable nobody except Scott. T. S. R. Philadelphia.

Telegram No. 7—Received cable C. A. N. Washington, May 6th—Josiah Caldwell, London, England: See Scott's testimony in the papers of the 18th. Telegraph Scott, Philadelphia, as you truthfully can the strongest endorsement of his statement. A. P. ROBINSON.

The above telegrams have the dates of the time of reception, sending, etc., as usual in such cases, which Hicks explained, showing their genuineness. The following is the dispatch [illegible] which was received by Mr. D. B. Sickles and by him to Congressman Proctor Knott when he received it in Washington on the morning of the 10th instant:

London, June 9.—Sickles, 21 Wall st., New York, cabled committee June 1st, full explanation. CALDWELL.

The above was received by the Direct Cable [illegible] in reply to Sickles's message of June [illegible] above quoted. Cable clerk Hicks explained to the committee that the [illegible] was [illegible] of Josiah Caldwell in the London telegraph office.

Letter from Caldwell to Blaine.

Blaine received by mail this morning a letter from Josiah Caldwell, [illegible] is a true copy, [illegible] authenticates the cablegram received by the judiciary committee:

[illegible] LONDON, June 5, 1876.

HON. J. G. BLAINE: [illegible] New York papers of the 19th ultimo [illegible] him as follows: "Thomas A. Scott, Philadelphia: Your statement before the [illegible] committee on the [illegible] relating to the railway in which my [illegible] is perfectly [illegible]." I [illegible] also cabled the chairman of the judiciary committee.

I am sorry that I am not able to be personally before the committee and give my testimony, but I presume that Col. Scott's evidence will be sufficient to prove that you had nothing to do with the transaction in question. If you wish for any further testimony or affidavit from me to prove the facts as cabled to the committee I shall be glad to forward it under oath. The charges are [illegible] that I have [illegible] of their doing you any permanent injury. [illegible] that your persecutors may be able to show [illegible] in connection with the Little Rock and Fort Smith railway. Yours truly,

JOSIAH CALDWELL.

Bill Describing U. S. Coins.

WASHINGTON, June 19.—Sherman introduced in the [illegible] to day a bill describing coins of the United States. It is [illegible] the director of the mint [illegible] cent pieces [illegible] thereafter be coined.

New Appropriations.

Among the appropriations [illegible] report [illegible] the House committee on appropriations to-morrow are [illegible] appraiser's [illegible] sub treasury building at San Francisco.

Probable Adjournment of the Impeachment Trial.

It is believed among Senators that notwithstanding the [illegible] to day the impeachment trial [illegible] adjourned until November or next session.

CONGRESSIONAL.

Senate.

WASHINGTON, June 19.—Sargent, of California, presented a [illegible] of the citizens of Los Angeles setting forth the evils of Chinese immigration and favoring such action by Congress as will prevent the same; referred to the committee on foreign relations.

The Senate then went into secret session to determine the question of postponing the Belknap impeachment until November next.

[illegible] from the committee on judiciary reported adversely the bill in relation to the equitable and legal rights of parties in possession of certain lands and improvements thereon in California and to provide jurisdiction to determine those rights; placed on calendar with adverse reports.

At the request of Sargent the Senate insisted upon its amendments to the postoffice appropriation bill and agreed to the conference asked for by the House of Representatives. West, Hamlin and [illegible] were appointed members of the committee on the part of the Senate.

The Senate then took up the consideration of the impeachment trial. The question was first on the motion to postpone the trial until November and respondent's application for postponement was overruled.

Sherman submitted the following for consideration: Ordered that the paper submitted by the defendant on the 17th inst. be filed in this cause, and defendant having failed to answer to the merits within the ten days allowed by the order of the Senate of the 6th inst., the trial shall proceed on the 6th day of July next as upon a plea of not guilty.

Thurman moved to amend by inserting the word "not" after the word [illegible] so as to read "be not filed," &c. Rejected: Yeas 25, nays [illegible]. Pacific members generally [illegible]. The question recurring on the order of Sherman the House demanded a division of the order and the question being on the final clause thereon, viz: ordered that the paper presented by defendant on 16th be filed in the cause. It was decided in the affirmative 26 to 21. The question then recurring on the last clause it was amended by adding "Provided that the impeachment trial can only proceed while Congress is in session," and passed. Yeas 21, nays 16. The following order was also agreed to: Ordered, that the Secretary issue the subpoenas that may be applied for by the respondent for such witnesses to be summoned at the expense of the United States as shall be allowed by a committee to consist of Senators Frelinghuysen, Thurman and Christiancy, and that the subpoenas for all other witnesses for respondent shall contain the statement that the witnesses therein named to attend upon behalf of respondent shall look to him for their lawful fees.

The Senate then adjourned in both capacities of court and legislative body.

House.

A resolution was adopted again appointing Cox speaker *pro tem.* in the absence of Kerr. The House then went into committee of the whole, Blackburn in the chair, on the army appropriation bill. After completing the bill the committee rose and reported it to the House, and the bill was passed.

Lord, chairman of the impeachment managers, asked and was granted leave to withdraw the resolution which he had offered Saturday providing that Congress should meet in November in order to proceed to the trial of the impeachment.

The bill for paving Pennsylvania avenue and the joint resolution for a commission to frame a new form of government for the District of Columbia were passed.

The speaker appointed Holman, Blount and Waldron members of the conference committee on the postoffice appropriation bill.

BY ATLANTIC CABLE.

Statement of the Bishop and Clergy of Barbadoes about the Riots.

LONDON, June 19.—The Bishop and Archdeacon of Barbadoes and 31 clergymen constituting the entire body of the Barbadoes clergy and four Moravian missionaries have signed a statement for presentation to Earl Carnarvon, colonial minister, detailing the outrageous character of the late riots on that Island. They say the mobs were not caused by any suffering among the people, but by the general impression among the negroes that the land and property of planters would be divided among them with the governor's consent. They state they can not tell how this impression was created, but it was undoubtedly general, and the belief still is very general that all this property has been awarded to the negroes by the Queen at the governor's instance, and is being wrongfully withheld from them. Consequently the feeling against all the present owners is intensely bitter and hostile, and it will require firmness and judgment on the part of the authorities to remove this impression, even if it is removed during the present generation.

Explosion of Gas on board of a Coal Ship.

An explosion of coal gas occurred to-day on board the ship *[illegible]*, laden with coal for Hong Kong, while that vessel was lying in Perth Docks at Cardiff. Six men were killed and several injured. The vessel was seriously damaged.

The London Times on the Eastern Question.

LONDON, June 19.—A correspondent of the *Times* reviewing the present attitude of the Eastern question concludes as follows: The Czar yesterday in taking leave of the lady who wished him a pleasant journey replied with undisguised satisfaction: "I hope I shall spend a more tranquil day at Ems than those I have spent at [illegible]." So hearty a remark as this is tantamount to a specific promise, and it may be inferred that the European powers are determined to remain spectators of what passes between Turkey and her subjects and vassals. [illegible] that the pacification of Turkey is an accomplished fact or that we are on the eve of its being effected. The insurgents do not seem disposed to lay down their arms nor Montenegro and Servia to abandon their pretension of annexing one Herzegovina and the other Bosnia—with the consent of Turkey herself. But what is known [illegible] appears to indicate that none of the European powers will support the insurgents and their neighbors, though none will endeavor to thwart their designs, and when the insurgents and the Porte come face to face and Europe is seen to remain a spectator, this insurrection will perhaps finish as it began—that is without anybody knowing the reason why. At the present moment everybody, particularly the six powers, are convinced that peace will not be disturbed beyond the frontiers of Turkey.

The Louisville Forger Discharged.

Application was made to-day before the Court of Queen's bench for the discharge of Charles Brent, the Louisville forger. The Attorney General offered no opposition to his release, but made a statement in relation to the case. The court accordingly granted an order for the prisoner's release.

Disagreeing Councillors.

CONSTANTINOPLE, June 19.—The ministers of the Sultan differ among themselves on the question of creating a national assembly and constitution, which was promised, and it will probably be indefinitely postponed.

British House of Commons.

LONDON, June 19.—In the House of Commons to-night Bourke, under secretary for the foreign department, stated that Lord Derby had recently written to the Peruvian minister with regard to the continued detention of the captain and mate of the *Talisman* as follows: "I have remonstrated in the strongest manner in the name of Her Majesty's government against the continued detention of the prisoners and the unfriendly conduct of the Peruvian government. Unless the matter is brought to a speedy termination it is impossible that friendly relations can continue." To this the Peruvian minister replied, recapitulating the facts in the case and defending the conduct of Peru, but not really altering the situation. Bourke said in conclusion: "It appears to the government that the further detention of the prisoners will be unjustifiable and we consider it our duty to request their immediate release." This declaration was received by the House with loud cheers.

European Markets.

LONDON, June 19.—The *Mark Lane Express* says: Concurrent with the improvement in the aspect of the crops, anxiety about political matters has dropped. The markets have consequently relapsed into a state of calm, and with large supplies from Africa and Russia trade has been confined to supplying present requirements. As summer approaches the markets will be to a great extent subject to the influences of the weather, but there does not seem to be much probability that the price of wheat will vary to a marked extent, and in the absence of speculation the probable wants of millers must form the basis of future transactions. Cargoes off the coast have shown signs of steadiness, but the general tone of trade has been quiet, while very little change is shown in operations for future delivery. Quotations remain nearly nominal. Maize met with but little attention, buyers holding off in hope of further concessions.

THE PRESS ON THE NOMINATIONS.

REFLECTIONS ON THE PROCEEDINGS OF THE CONVENTION.

NEW YORK, June 18.—Returning from out the smoke of the Cincinnati contest, a few suggestions have interest. "What combination nominated Hayes?" is asked by all. It did itself every effort at previous combinations failed. The only agreement Pennsylvania and New York could make was to stick to their own candidate. Don Cameron more than any one else, defeated Blaine, and the majority of his delegation were for Blaine all the time. When Cameron could not deliver the delegation to Conkling he spent himself in appeals to stick to Hartranft. When the four delegates rebelled against the unit rule Blaine's friends supported the right of independent voting, regardless of instructions. This was clearly right, but it offended Cameron and also destroyed the rule under which the majority in the delegation could have compelled Pennsylvania's vote to go solid for Blaine at the critical moment. Cameron, being offended, struck back and withheld from Blaine all the votes he could control. He did not wish Hayes, but he did not want Blaine under the circumstances that denied him (Cameron) the credit for it. It is complimentary to Blaine that Cameron could not count on obtaining from him any consideration for delivering Pennsylvania's vote, and so he withheld it. The agreement for Hayes came up on the spur of the moment, and the imminent danger of Blaine's success as indicated by the sixth ballot called his opponents to instant combination. Bristow was impossible. Hayes had no enemies, had a record in which there was no danger, he had 100 votes already, so Hayes was taken. There seems to have been little plan or concert about it. It was the instinctive fusion of a desperate opposition. Blaine's original friends stood firm to the last. None of the predictions of a break in Blaine's vote were realized. His last was highest and within thirty of success. Hayes' nomination, while it did not provoke the favoritism that Blaine's would, has smoothed away the bad feelings that would have followed that nomination in some quarters. The nomination of Hayes is like oil on troubled waters, all elements seem satisfied. The Blaine men bear defeat with the utmost good nature. The nomination is acquiesced in on every hand. The convention smashed the political rings. Spencer and Shepherd were formally turned out of the party, and a blow was dealt at the Cameron ring in Pennsylvania such as it never received before. A fierce conflict is now predicted in Pennsylvania for and against the Camerons, in which the opposition will have the prestige of victory at Cincinnati. The honor of putting an end to Spencer can be claimed alone by Blaine men and a portion of Bristow's friends.

THE SUN

this morning, exhibits a startling change of heart. It says Hayes is an honest man, he is a gentleman, he is rich. His neighbors speak well of him. He is respectable in every relation of life, public and private, his abilities are fair, his judgment good, his range of information sufficient for practical purposes, and the temper of his mind reasonably above the level of safe mediocrity. There is no eccentricity about him, political or otherwise, and he belongs to his party, through and through. We suppose he has never failed to vote in his life, and has never voted a split ticket. There is nothing about him to repel the support of any Republican. He will be voted at the polls by the full strength of his party, and probably something more. Wheeler belongs to the same range of character with Hayes, though he is rather more independent and more capable of rebellion. He is a strong candidate. With this ticket before the country the Democrats cannot afford to [illegible] their opportunity; they must nominate their [illegible] or they are liable to be beaten.

HAYES' NOMINATION AN ACCIDENT.

The [illegible] Washington correspondent says the Blaine delegates who have returned, all [illegible] that a majority of the convention was [illegible] and that Hayes' nomination was an accident which never would or could have happened on any other ballot than the one when it did happen. Since the return of the Blaine men [illegible] has somewhat changed the tone of general gossip. Yesterday the Republicans here were plucking up a good deal of courage. All thought the ticket was a strong one. To-day [illegible] silenced by the talk and actions of the Blaine men, who have returned disappointed, chagrined and discouraged by the loss of the prize, which was fairly within their grasp.

The hay crop in Polk county will be unusually heavy this season.

OREGON.

There is not a single saloon in the town of Dallas.

Wheat is dull at Independence at 75 cents a bushel.

The students of the Corvallis college are making arrangements for their annual ball, which will take place in that city on the 28th instant.

On the evening of the 19th inst. the members of Oberlin Lodge, No. 23, I. O. O. F., of Pendleton, dedicated their new hall to the uses and purposes of the order.

The Douglas *Independent* has changed hands, been enlarged and will soon be published in Roseburg. Kelly & Moss have become proprietors, and promise a live sheet to their patrons.

The citizens' meeting at Independence appointed a committee to raise $150 with which to defray the expense of a preliminary survey for a canal from the Willamette river below Buena Vista to Independence.

It is stated that Senator Jones will visit Umatilla county immediately after the adjournment of Congress to view the Granite creek quartz mines and particularly the ledge being developed by McDonald, Burnham & Co.

We are in receipt of the first number of the Ashland *Tidings*. It is well made up both as to its mechanical and editorial work, and should receive a good support from the people of Southern Oregon, to whose interests it is devoted.

The various committees of the 4th of July celebration for Jackson county, says the *Sentinel*, met at the courthouse on Saturday to arrange preliminaries for concerted action, but came to a dead lock on the question of grounds. The result was the going to pieces of the whole affair.

The Grant county *Express* says: "As the smoke of the campaign blows away, let us all settle down to business and see how an honest penny can be turned to the best advantage, where two blades of grass can be raised where one grew last year, and where the richest quartz and placer mines are."

The Ashland *Tidings* says: It may not be uninteresting to our readers to know that Lost river, in Lake county, is 1,141 feet higher than Fort Jones; 1,448 feet higher than Yreka, and 2,826 feet higher than Fort Lane. Yreka is 1,300 feet higher than Jacksonville. Jacksonville is 1,201 feet above tide water.

At a meeting of the members and friends of the Congregational church, held in The Dalles on Monday evening last, a resolution was unanimously adopted raising Rev. W. R. Butcher's salary from $1,000 to $1,250; also granting him a leave of absence from July 1st to December 1st. It is not yet known whether Mr. Butcher will accept the proposition.

At the annual election of the Original Pioneer Association the following officers were chosen: John Minto, president; L. N. Cooke, vice president; J. Henry Brown, recording secretary; W. H. Rees, corresponding secretary; J. M. Bacon, treasurer. Board of directors—Joseph Watt, Chris. Taylor and W. Herron. Chief Marshal—Daniel Clarke.

The *Independent* has it from reliable authority that Dr. S. K. Raymond will contest Mr. Wright's claim to the office of county treasurer of Douglas county, on the ground of illegal voting. Mr. Wright's majority is two over Mr. Raymond, and the latter's friends claim they know of at least fifteen illegal votes having been cast in the different precincts for Mr. Wright.

A man by the name of Lowery, living on Butter creek, left Pendleton the other day on horseback seemingly all right. About two hours after, Dr. McKay started out on a professional visit on the same road. About four miles from town the doctor found Mr. Lowery lying in the road senseless from sunstroke. By proper application of water the doctor succeeded in reviving the man so he could proceed on his journey.

The following resolution was adopted by the Lane County Council Patrons of Husbandry, June 13, 1876: *Resolved*, That this council recommend to the subordinate Granges of this county and of the State to memorialize the present legislature to regulate the freights and fares on the railroads, rivers and canals within the State. Also to make it a penal offence punishable by fine and imprisonment in the penitentiary to ship grain unsold without the owner's consent from any warehouse in the State.

Andrew Walkup, brother of Robert Walkup, living on Burch creek, met with a terrible accident the other day at Camp Carson. He had been blasting and had in his pocket several giant powder caps. At the time the accident occurred he was piping, and it is supposed that he rubbed the pipe violently against the caps, causing an explosion. His right leg, just below the thigh, was terribly shattered, but how seriously is not yet known, as Dr. Lindsay, who is attending him, has not returned. The wounded man was brought out as far as Starkie's ranch, about fifty miles from Pendleton.

The *Telegram* says a meeting of the stockholders of the Farmers' Storage and Shipping company was held at the Grangers' warehouse in Independence, on Monday, 12th inst. An election of officers resulted in the choice of Messrs. L. Bentley, B. F. Smith and J. B. V. Butler, as a new board of directors. Mr. L. Bentley was chosen president of the board, and is ex-officio president of the company. It was decided by the company to place the warehouse and shipping business in the hands of one man, who shall fulfill the duties heretofore undertaken by the superintendent and clerk.

From the Lafayette *Courier* of last Saturday we learn that an Indian who had been engaged to look for Gardy Getchell, the young man who was drowned while crossing the Yamhill river some two weeks ago, found him about half a mile below the ford. When first seen he was hanging to the root of a sunken snag, and it is supposed that is the reason why the body failed to come to the surface and could not be found at the time of the accident, as the river was high. The body was interred the same day it was found, having been in the water just two weeks. Decomposition had commenced and the remains were unrecognizable.

The Eugene *Guard* says: The spirit of progress has invaded the quiet precinct of Siuslaw, and for that reason it was, perhaps, that the polls on election day, June 5th, were closed about 4 o'clock P. M., and afterwards reopened to accommodate a straggling voter who came in late and after a part of the ballots had been counted. It is hardly possible that the late religious revival had any effect on the judges of election up there, or that the Good Templars lodge caused them to dread late hours. The progressive spirit of the times must alone be responsible for such action on the part of the staid denizens of Siuslaw.

TOO MUCH JOKING.—Slang is not wit. Neither is the misspelling of words humor. And we may go even further and say that the prevalent disposition to present everything serious as well as trifling in a ridiculous light is also bad as a matter of morals. Yet there are many people whose sole effort in writing and in conversation appears to be in the direction of what they consider "smartness." That constant trifling with the sad realities of human life, with the serious work of human kind, with the events of the day and with the character of the living, and with the memory of the dead, is lowering the tone not only of literature but of morals. The world itself is not a huge joke, however some people may [illegible] to consider it.

A Frenchman who has lived in America for several years says: "When they build a railroad, the first thing they do is to break the ground. This is done with great ceremony. Then they break the stockholders. This is done without ceremony."

"Biddy, what's the mean temperature of Summer weather in Ireland?" said a cockney to a young Irish lass. "Mane, Sir? There's nothing mane about Ireland—bad luck to yees for a dirty spalpeen."

Miller will be chairman of the meeting and the following speakers are announced: Hon. T. G. Phelps, Hon. Thos. Fitch, Gov. G. L. Woods, Hon. Henry Edgerton, Hon. W. H. Sears, Hon. J. M. South Chariot Mine.

The dissatisfied stockholders in the South Chariot mine have won their fight and forced the resignation of the old board of trustees. Three of these were accepted and Joseph Naphtally, L. Steinhart and Mr. Perein elected in their stead. Minear and Karnally of the old board were retained. Joseph Naphtally was elected president, secretary and superintendent not elected. The [illegible] now on was not disturbed.

Smallpox Increasing Again.

SAN FRANCISCO, June 19.—The health officer gives it as his decided opinion that the smallpox is increasing seriously. Last week the cases reported averaged five and a half per day. Two more were reported yesterday and seven this morning, one of which was a Chinaman who had died of disease. One case has made its appearance in the crowded county jail, but little fear is expressed of any serious sickness there, as all the prisoners have been vaccinated. Some cases reported are of a very malignant type.

500 Miles Walking Match.

The contestants in the walking match at Mechanics' Pavilion have made a good beginning. At noon O'Leary completed his fifty second mile, having taken one brief rest in the meantime. Wm. P. Frost, city editor of the *Post*, started with O'Leary at midnight and walked until 4 A. M., when he retired, feeling somewhat fatigued, he having made 17 miles. H. C. Drogee, a California street broker, succeeded him and made 24 miles in his six hours. At 10 o'clock Phelps, an *Alta* reporter, took the track and up to noon had walked 10 miles, which makes O'Leary at that hour one mile ahead.

Silver.

SAN FRANCISCO, June 19.—Silver coin opened heavy this morning. The best offer from brokers is 5½ per cent. discount, and many refuse to take it under 5½ per cent.; bankers free sellers of half dollars at 5 per cent. for small lots, and 4½ per cent. for large lots; trade dollars steady at 96 buying, and 7 and 8 per cent discount selling.

Suicide.

SAN FRANCISCO, June 19.—Cunningham Watts, son of Wm. Watts, a dry goods merchant, 58 and 60 Second street, New York, committed suicide last night on board the ship *Mary Whitridge*, lying at Green [illegible] dock, by taking laudanum. The following letter addressed to his mother, Mrs. William Watts, 112 East Sixteenth street, was found in his stateroom:

SAN FRANCISCO, June 18, 1876.

DEAR MOTHER: When this reaches you I shall be dead. You know so well why it must be so that I will not even try to explain. My darling mother, my heart is breaking.

CUNNINGHAM.

Young Watts has been away from his home several months, having made a journey via Cape Horn to this port, and subsequently a trip from San Francisco and return. When he arrived here, but a few days since, he was much depressed in spirits.

Desperate Encounter with Highwaymen.

YREKA, June 17.—Last Thursday evening a desperate encounter occurred on the summit of Trinity mountain between highwaymen and the sheriff of Trinity county, aided by a stage driver named Brewster. It seems the stage driver had about $40 in the safe of the store robbed at Trinity Centre and volunteered to accompany the sheriff in pursuit. They proceeded to the top of the mountain to await the robbers, who were *en route* for Redding and intended to attack the stage the same day had it not been for a man on the outside seat carrying a shotgun. Late in the evening the two robbers were [illegible] and ordered to surrender, when one of them sang out "Get out, you son of a ——," and commenced shooting, which firing was returned in a lively manner. As many as a dozen shots were fired, each party dodging around behind trees and rocks, when one of the robbers was discovered lying on the ground dead, having been shot through the head just behind the ears, and also through the hip. The other robber was wounded, and fell off the grade into the gulch, managing to escape. The sheriff came out of the contest uninjured, but the stage driver had his forehead burned by the close grazing of a bullet. The dead robber had a W. F. & Co.'s treasure box key in his pocket supposed to have been taken from the safe broken open in Rumfelt & Loring's store, at Trinity Centre. The person arrested at Roseburg on suspicion of robbing the stage near the Oregon line on the 2d inst., was discharged, as the tracks of his boots did not correspond with footprints in the road as telegraphed to Roseburg, notwithstanding the Roseburg officer answered that they did.

Daring Robbery.

LOS ANGELES, June 19.—A bold robbery was committed this morning at the Half way House on the Santa Monica road. About one o'clock four men rode up to that station and commanded the proprietor to open the door. He refused and they fired. One of the balls passed through the door, inflicting a painful wound in the calf of the proprietor's leg. They then ordered him to raise the window and pass out his trunk, which was done. The robbers, after rifling the trunk, rode off. The wounded man says he had a pistol and could have fired at the party, but was afraid if he did so ineffectually, he would have been murdered.

NEVADA.

Suicide.

WINNEMUCCA, June 18.—This evening at 6:30 Jack Reed, a Scotchman from Inverness, Scotland, and lately clerk in the quartermaster's department at Camp McDermott, committed suicide by shooting himself through the head.

Anti-Chinese Outrage.

TRUCKEE, June 18.—Last night a number of men supposed to belong to the Caucasian League set fire to a Chinese cabin occupied by three Chinamen, about a mile north of this place. As the Chinamen ran out of the building, they were fired upon by the mob, one being killed instantly and another seriously wounded, who will probably recover. About forty shots are reported to have been fired.

Another Terrible Fire in Virginia City.

VIRGINIA CITY, June 19.—To-day another terrible fire occurred in which about twenty-five dwelling houses were consumed. At noon the Globe Hotel, on South C street, between Hickey street and Chollar road, was discovered to be on fire. A strong wind was blowing from the southwest at the time, and the flames were carried from house to house with frightful rapidity. Had it not been for the new water works the experience of last Oct. would have been repeated. The hydrants did splendid service and their streams undoubtedly saved the city. Every house between Chollar road and Hickey street and between C and D streets is in ashes. A half dozen houses on F street also burned. By quarter to one o'clock the fire department had the conflagration under control. The dwellings on the west side of C street opposite the burnt blocks had a very narrow escape, being badly scorched and having all their windows broken by the heat. The wildest alarm prevailed throughout the city. The people several blocks distant from the fire removed their furniture from their dwellings. There are rumors afloat that several lives were lost in the burning buildings, but they cannot be traced to confirmation at present.

BRITISH COLUMBIA.

Mining News.

VICTORIA, June 18.—The [illegible] *Otter* from Wrangel, arrived yesterday. Miners were pouring into Dease Creek, and all the old companies are making preparations to work their claims. Provisions scarce, flour thirty five dollars per barrel.

The new strike lately reported on McDame creek proved to be a very small one, the miners who took up ground soon abandoned it. Deep diggings are reported struck on Thibert creek.

Among the "Centennial curiosities" en route for Philadelphia are the following contributions from Queen Victoria:

Twenty six of her own etchings, two table napkins spun by herself, a banner [illegible] embroidered by the Princess Beatrice, a table cloth embroidered by the Princess Louise of Hesse, and Christian of Schleswig Holstein, and four drawings of flowers by the Marchioness of Lorne. Another curious thing, and one of real historical interest, will be Gen. Washington's family Bible in three volumes, quarto, which he, in dying, bequeathed to Lord Fairfax, who in turn, left it to the Herbert family. It has Washington's autograph, and copious notes by Bishop White, the officer and giver.

DEMOCRATIC NATIONAL CONVENTION

Next week the Democratic National Convention is to be held at St Louis There is not so much speculation upon the question of who will receive the nomination for President as there was on the same subject with relation to the Republican Convention Perhaps the Democrats discreetly consider that it would be a waste of time and labor to figure on the question when they have so little prospect of success in the popular election Or, possibly, they have foreseen the failure of all the predictions of the Republicans concerning their own nominee, and resolved not themselves to make a similar failure

Apropos of this subject is the history of Democratic conventions and of the strength of candidates therein, which we find in an Eastern exchange. The common law of Democratic National Conventions is to require a two-thirds vote in favor of any candidate in order to secure his nomination It is sometimes said that under this rule, a candidate who goes into the convention with only a majority of the votes, is almost certain to be slaughtered after the first ballot But this is a mistake. In a majority of cases the candidate who has led on the first ballot, has led to the end of the race, and won. In the convention of 1848 the number of votes necessary to a choice was 170. Cass received on the first ballot 125, Woodbury 53, Buchanan 55. On the second ballot Gen. Cass received 133 votes, on the third, 156, on the fourth, 179 and the nomination. In 1852 Cass led on the first ballot with 117 votes, Mr. Buchanan coming next with 93, and the contest continued with no material change until the 35th ballot, when Franklin Pierce appeared for the first time, having 15 votes. The whole number of votes was 283. On the 48th ballot Pierce had 55; Cass, 73; Buchanan, 28; Douglas (who started with 20), 33, and Marcy (who started with 27), 40 Pierce was nominated on the 49th ballot, getting all the votes except 6. In 1856 Mr. Buchanan led at the opening with 135 votes against Pierce's 122, Douglas' 33, and Cass' 5, the whole number cast being 296. There were 17 ballots on this occasion, in the course of which Mr. Pierce's strength soon ran itself out, while Buchanan and Douglas almost steadily gained. Mr. Douglas at last withdrew, the figures on the 16th ballot standing, Buchanan 168, Douglas 121, Cass 6. In 1860 the position of the Democracy was peculiar. The first meeting of the Convention held at Charleston was a failure, and after fifty-seven fruitless ballots, in which Mr. Douglas distanced all his competitors, his vote starting at 145½ and running up to 152 (which was 50 less than the requisite number), the Convention adjourned to Baltimore. When it re-assembled Mr. Douglas had 173½ votes on the first ballot and 181½ on the second, and was then declared nominated, the secession of many of the Southern delegates rendering it impossible for any one to obtain two-thirds of all the delegates authorized to vote. In the Democratic Convention of 1864, Gen. McClellan began with 174 votes, T. H. Seymour having 38 and Horatio Seymour 12, but before the result was declared, enough of the delegates changed their votes to give McClellan 202½ and so nominated him. In 1868 occurred the second of the exceptional cases to which we have referred, Mr. Seymour got no votes at all until the fourth ballot, and then he had only 9, after which he was dropped until the last, the Convention finally going for him on the 22d ballot in the manner of a stampede. The fortunes of the other candidates were curious. At the beginning the count was, Pendleton, 105; Andrew Johnson, 65; Hancock, 33½; Hendricks, 2½; whole number of votes, 317. Mr Pendleton ran up slowly to 156½, and on the 17th ballot had gone down again to 56½, where he was dropped. Hancock began to gain after the 12th, and culminated in the 18th ballot with 144½. Hendricks gained fast and almost uninterruptedly, and Andrew Johnson lost with almost equal rapidity. The figures on the 21st ballot were. Hancock, 135½; Hendricks, 132. In 1872 the Democracy had only to accept the nomination of the Liberal Republicans. In 1852, when Pierce was nominated, and in 1868, when Seymour was nominated, it will be observed that none of the other Democratic candidates succeeded in obtaining at any time a bare majority. In every case since 1848 where any one has secured half the number of votes cast he has carried off the nomination, and in every such case also the successful one has been the candidate who led on the first ballot.

THE COUNTRY SAFE.

The country is safe. There is cause for congratulation. It became apparent a few days ago that unless this city should elect officers by party lines and reduce the city government to a party machine, the Union would burst and the whole fabric of American civilization fall to pieces. It is fortunate that the peril was perceived in time for our citizens to rush to the rescue. Once aroused to a sense of the terrible situation, they quitted them like men, and the result is eminently satisfactory. The Republicans elected their candidate for Police Commissioner by a big plurality and a respectable majority. It is said that makes Caywood Chief of Police—provided the other two commissioners or one of them can "see it in that light." We do not vouch for the truth of this part of the story, however Mr. Connell, the Commissioner elect, is a good man and may decline the part assigned to him. For councilmen the Democrats carried the day, excepting as to the Second Ward, where Mr. Andrus, independent, was chosen by a handsome majority In the First, Messrs. Stevens and Harrington were elected by large majorities, there being no independent candidate in the field. In the Third Ward, also, the Democrats got away with the councilmen, by a peculiar combination, Mr. Lowndale, a Republican, being selected as the people's candidate, the Democrats and straightout Republican managers formed a combination against him Mr Lambert, a Democrat, was nominated on the Republican ticket, and the Democrats having no nominee, the fight came between Mr. Lowndale on the one side, and the Republican-Democratic combination on the other Both parties had their leaders on hand to see that the faithful toed the mark The Democratic hosts were marshalled by Mr L. Besser, and the Republican by Mr James Wilson, both able captains and each having the zeal of a new convert to the party he represented This combination was successful no doubt beyond the highest expectation of the parties who formed it Whether Mr Lambert, in the council, will still maintain his old time relations to the Democratic party, or affiliate with the Republicans, or split his services, we have no knowledge.

There was a light vote but enough to save the country The patriotic Democracy of the First Ward celebrated the victory with some artillery practice in the evening At least, that is said to have been the cause of several reports down in that section of the city, evidently caused by the ignition of villainous gunpowder. "Let us have peace."

THREE MORE GONE.

Yesterday we were called upon to announce the death of Mr. Charles E. Calef, one of Portland's prominent business men. Engaged in business here from his youth, and belonging to one of the leading firms of the city, Mr Calef established a reputation for integrity and thoroughness as a business man, and occupied an enviable place in society He will be long remembered and missed in the community.

And we chronicle the death of another of Portland's early citizens, Mr. Simon N. Arrigoni, who died at his residence at Astoria, and was yesterday brought up to this city for interment at his old home and beside some of his little ones, who were carried over to the lone city while he resided here. Mr Arrigoni was one of the early pioneers in Portland, and remained here until about six years ago, when he removed to Astoria. He was one of the most liberal and generous men this city ever had. Keeping public house, he was in a position to have perhaps more demands made upon his generosity than almost any other person in the city, and he always responded, even to his own injury and embarrassment. Arrigoni presented a rough exterior, but his heart was warm as the Italian skies under which he was born He was known throughout the State and those who knew him best were his best friends.

Hon. J. C. Avery, of Corvallis, also, has gone. He has been one of the leading men of his section of the State for more than twenty-five years. In the politics of the Territorial days Mr. Avery was active, influential and prominent. He occupied many important positions of public trust, and in all of them discharged his duties with ability and efficiency. Possessing an active and ready mind, quick to perceive the point of vantage in any endeavor, and fertile of expedients he was often successful where others would have failed. In late years he has taken little part in politics, but devoted himself mainly to business pursuits, in which he was very successful.

Thus are the pioneers passing away. The number of those remaining yet for a time grows perceptibly smaller every year. The work they did for Oregon is our inheritance; the fair young State their monument.

We have had the pleasure of a visit from Mr. E. Hepple Hall, one of the editorial corps of the New York *Times*, who is visiting this coast partly for recreation and pleasure and partly to gather materials for his forthcoming book, which is intended to be a guide to travelers in search of the picturesque It is the intention of Mr. Hall to spend some time in Oregon and Washington Territory, and as he is an artist as well as an author, we may expect to find in his book some sketches of the grand and romantic scenery of our State which needs but to be made known to attract crowds of appreciative visitors It is with gratification that we have learned Mr. Hall has undertaken this, for his long experience as a traveler, having made a tour of Europe on foot with Bayard Taylor, besides many similar tours in this country, and his ability as a descriptive writer eminently qualify him for the work. The Picturesque Pocket Guide, Mr. Hall's book, will be published in a short time simultaneously in London, New York, Melbourne and in some other cities, and will no doubt be a useful and desirable volume.

CONGREGATIONAL ASSOCIATION.

Friday evening Rev G W Skinner, of Olympia preached from Matth ... subject Species of Spiritual Things

Saturday morning at 8 A M the morning prayer meeting was led by Dr Craig

Rev ... A Huntington read an essay on the transfer of the Indian Bureau to the war department and the following resolutions were adopted

Whereas There is now a bill in Congress to transfer the Indian Bureau from the interior to the war department, and

Whereas We believe it will be injurious to the ... interests of the government and of the Indians therefore

Resolved That while we deprecate the promotion of extermination in the plan of ..., we affirm our belief in the present Indian policy as the best yet devised as embodied in resolutions passed in previous years

2 That we approve the ... of the American board of commissioners for foreign missions and the American Missionary Association the societies in ... denomination to which have been intrusted the moral and spiritual care of various Indian tribes to use their utmost endeavors to prevent the change contemplated and we deem it highly important that as great permanence as possible in the system and the employment of agents be secured. The following resolutions were also adopted

Resolved As the sense of this association That Negro or Indian Chinese or Swede, German or English, American ... that the action of States and of the nation in Congress assembled ought to deal with men as men all equal before the law ... when the conditions of citizenship shall ... that every ... shall be held amenable equally to its provisions that all class legislation and race distinctions may be at length set aside all to be taxed and none to receive any special privileges and that wherever the flag of our country floats a man shall be a man ... nothing more and nothing less and that the gospel is to take men ... to elevate them to civilization here and salvation hereafter on the ground of the personal value of the separate soul. To this end we look for the time when the Negro question the Chinese question and the Indian question shall be forgotten and all our legislation and Christian work be for the salvation of man and that the representatives of any and all races ought to be dealt with by measures that shall preclude denominational or partisan control

Rev I Gantenbein was invited to sit as a corresponding member

Rev W M Stewart then read an essay on the change of the Sabbath from the seventh to the first day of the week which was warmly indorsed by the association

The following resolution was also adopted

Resolved That it is with gratitude to God and commendation of the Centennial commission we recognize the closing of the Centennial Exhibition on the Sabbath and this general association of Congregational churches of Oregon and Washington Territory would hereby emphasize the large protest sent by the Young Men's Christian Association of Portland against the opening of that national exhibition upon the Sabbath

In the afternoon the first hour was given to the ladies for a consideration of woman's work among the heathens. Mrs S C Hatch read a paper on the subject, and reports came from the churches of Portland and Salem which spoke of the woman's societies in each church. These have had the effect of increasing contributions and the interest of the members in the work of their sex in foreign lands, and a resolution was adopted endorsing the work as a very important one of the Church

The Oregon Home Missionary Society then voted to ask the parent society to commission Rev G H Atkinson, D D as superintendent of missions for this northwest coast

The subject of church finances was then opened by Mr J Steel who spoke of their mismanagement especially in the Portland church a few years ago and of the adoption of the weekly envelope system of offerings which had proved an excellent remedy. He thought that the ministers did not talk enough on the subject. Quite a discussion followed and a resolution was adopted endorsing the envelope system

Rev J Craig and J H Ellis were elected members of the business committee and Mr Butcher having tendered his resignation as registrar, Prof Lyman was chosen in his place

Seattle was chosen as the place for meeting next year

In the evening Prof Lyman read a paper on the organization and early history of the Portland church the organization having taken place twenty five years ago the 15th of this month. This paper will be published

Rev P S Knight preached from Col 1 17 on the duty of the ministry and Rev G H Atkinson read another paper on the history of the Portland church. He stated that the contributions of the church for nine and a half years had amounted to more than forty thousand dollars

A resolution was adopted requesting the committee of the Oregon Home Missionary society to have a general oversight of the work of the American Missionary Association, as they do in regard to home mission work on this coast. Also the following resolutions

Resolved That the thanks of this Association be tendered to the people of Portland for their generous hospitality to the ministers and delegates in attendance

Resolved That we hereby record a vote of thanks to the Oregon & California Railroad company to the Oregon Central Railroad company to the Northern Pacific Railroad company and to the Oregon Steam Navigation company for favors in reduction to members of this body also to the press of Portland for favors in printing the proceedings of this Association

Dr Atkinson and Bros Himes and Anderson were appointed a committee on the publication of the minutes After which the Association adjourned

On the Sabbath Rev J H Ellis preached the communion sermon after which the Lord's Supper was administered

Short addresses were made by Messrs Daly Skinner and Capt Wilkinson to the Sabbath school and in the evening a prayer and conference meeting was held, Rev P S Knight taking the lead

Most of the ministers preached in various churches in the city during the day, several assisting in the afternoon at the rooms of the Y M C A

The Association has been one of the largest on record about fifty members being present and ten visitors from various places

Encouraging Symptoms

The cheering glow diffused through out the system by Hostetter's Stomach Bitters the elasticity of mind and body which they impart and the ... appearance which they cause of those vague uneasy feelings so difficult to describe, are most encouraging symptoms to the desponding invalid. The sensation of returning health is a most delightful one and to enjoy it those afflicted with dyspepsia liver complaint constipation intermittent or remittent fevers lack of vitality sleeplessness rheumatic nervous and urinary troubles should avail themselves with out delay of this invaluable tonic and corrective. Besides being specially adapted to the eradication of the maladies it is wondrously effective in all diseases involving a diminution of vital power on account of its properties as a general invigorant.

CONGREGATIONAL ASSOCIATION.

[illegible] evening Rev G. W. Skinner, of Olympia preached from Math [illegible] subject Species of Spiritual Things.

Saturday morning at 8 A. M. the morning prayer meeting was led by Dr Craing.

Rev C. N. Harrington read an essay on the transfer of the Indian Bureau from the war department and the following resolutions were adopted:

Whereas There is now [illegible] Congress to transfer the Indian Bureau from the Interior to the war department, and

Whereas, We believe it would be injurious both to the interest of the government and of the Indians, therefore

Resolved, That while we desire to the promotion of [illegible] on the plan of work which [illegible] under the present Indian policy as the best yet devised as embodied in resolutions passed in previous years.

2 That we protest the [illegible] of the American Board of Commissioners for Foreign Missions and the American Missionary Association of the societies in our denomination to which have been entrusted the moral and spiritual care of various Indian tribes to use their utmost endeavors to prevent the change contemplated and we deem it highly important that as great permanence as possible in the system and the employment of agents be secured. The following resolution was also adopted:

Resolved, That as the son[illegible] of this association [illegible] Negro or Indian Chinese or Swede, German or English. American born or foreign born, that the action of States and of the nation in Congress assembled ought to [illegible] men as men all equal before the law, all citizens when the conditions of citizenship shall be answered, that as citizens they shall be held amenable equally to its provisions, that all class legislation and race distinctions may be at length set aside all to be taxed and none to receive any special privileges, and that wherever the flag of our country floats a man shall be a man [illegible] thing more and nothing less, and that the gospel is to know men only to elevate them to civilization here and salvation hereafter, on the ground of the personal value of the separate soul. To this end we look for the time when the Negro question, the Chinese question and the Indian question shall be forgotten and all our legislation and Christian work be for the salvation of men and that the representatives of any and all races ought to be dealt with by measures that shall preclude denominational or partisan control.

Rev J Gantenbein was invited to sit as a corresponding member.

Rev W M Stewart then read an essay on the change of the Sabbath from the seventh to the first day of the week which was warmly indorsed by the association.

The following resolution was also adopted:

Resolved That it is with gratitude to God and commendation of the Centennial commission we recognize the closing of the Centennial Exhibition on the Sabbath and this general association of Congregational churches of Oregon and Washington Territory would hereby emphasize the large protest sent by the Young Men's Christian Association of Portland against the opening of that national exhibition upon the Sabbath.

In the afternoon the first hour was given to the ladies for a consideration of women's work among the heathens. Mrs S C Hatch read a paper on the subject and reports came from the churches of Portland and Salem which spoke of the women's societies in each church. These have had the effect of increasing contributions and the interest of the members in the work of their sex in foreign lands and a resolution was adopted endorsing the work as a very important one of the Church.

The Oregon Home Missionary Society then voted to ask the parent society to commission Rev G H Atkinson D D as superintendent of missions for this northwest coast.

The subject of church finances was then opened by Mr J Steel who spoke of their management especially in the Portland church a few years ago and of the adoption of the weekly envelope system of offerings which had proved an excellent remedy. He thought that the ministers did not talk enough on the subject. Quite a discussion followed and a resolution was adopted endorsing the envelope system.

Rev J Crang and J F Ellis were elected members of the business committee and Mr Butcher having tendered his resignation as registrar Prof Lyman was chosen in his place.

Seattle was chosen as the place for meeting next year.

In the evening Prof Lyman read a paper on the organization and early history of the Portland church the organization having taken place twenty five years ago the 15th of this month. This paper will be published.

Rev P S Knight preached from Col 1 17 on the duty of the ministry and Rev G H Atkinson read another paper on the history of the Portland church. He stated that the contributions of the church for nine and a half years had amounted to more than forty thousand dollars.

A resolution was adopted asking the committee of the Oregon Home Missionary society to have a general oversight of the work of the American Missionary Association as they do in regard to home mission work on this coast. Also the following resolutions:

Resolved That the thanks of this Association be tendered to the people of Portland for their generous hospitality to the ministers and delegates in attendance.

Resolved That we hereby record a vote of thanks to the Oregon & California Railroad company, to the Oregon Central Railroad company, to the North Pacific Railroad company and to the Oregon Steam Navigation company, for favors in reduction to members of this body also to the press of Portland for favors in printing the proceedings of this Association.

Dr Atkinson and Bros Himes and Anderson were appointed a committee on the publication of the minutes. After which the Association adjourned.

On the Sabbath Rev J F Ellis preached the communion sermon, after which the Lord's Supper was administered.

Short addresses were made by Messrs Daly Skinner and Capt Wilkinson to the Sabbath school and in the evening a prayer and conference meeting was held, Rev P, S Knight taking the lead.

Most of the ministers preached in various churches in the city during the day several assisting in the afternoon at the rooms of the Y M C A.

The Association has been one of the largest on record about fifty members being present and ten visitors from various places.

EUGENE ITEMS.

Under date of June 17th, our Eugene correspondent sends the following:

The O hoco mail now leaves this place with a hack carrying passengers as far as Belknap's Springs a fine resort for invalids.

Quite a number of our young men went fishing bright and early this morning and this evening returned saying they had fisherman's luck.

The nomination of Hayes for President excites no great [illegible] with us and the prevailing [illegible] is who will be nominated by the Democrats.

Fingers Sunday [illegible] was visited to-day by a large crowd and the strawberries and cream and ice cream suffered. A free coach [illegible] and from the ground.

The weather has been very warm for three days. Saturday the thermometer stood 90 in the shade. Grain is growing finely and promises a good yield judging from the way it looks.

Eugene believes in patronizing home talent. They pay the Eugene City Band $80 to play on the Fourth of July when a band equally as [illegible] could be procured from the country for $[illegible]. Nothing like keeping the money at home.

I have a villain working for me—is the way our young men tell their comrades that some other fellow is walking out with their girl and then the poor fellow is greeted at the street corners with "Oh wipe off your [illegible]," "pull down your vest" and various other remarks not calculated to make him enjoy himself.

The work on the bridge at this place was brought to a stand by the person owning the land where the foundations were placed by an injunction—he hoping to receive a large bonus to allow the work to proceed. The county court had a special meeting and allowed him to receive from the county $600 and $700 on a subscription paper which was circulated to raise funds to build the bridge.

Encouraging Symptoms.

The cheering glow diffused throughout the system by Hostetter's Stomach Bitters, the elasticity of mind and body which they impart and the fine appetite which they cause, those vague uneasy feelings so difficult to describe are most encouraging symptoms to the desponding invalid. The sensation of returning health is a most delightful one and to enjoy it those afflicted with dyspepsia liver complaint constipation intermittent or remittent fevers lack of vitality sleeplessness rheumatic nervous and urinary troubles should avail themselves with out delay of this invaluable tonic and corrective. Besides being specifically adapted to the eradication of these maladies it is wonderfully effective in all diseases involving a diminution of vital power on account of its properties as a general invigorant.

NOTICE.

The undersigned in taking leave of Portland returns his sincere thanks for the liberal patronage that has been bestowed and I would bespeak for his successors a continuance of the same.

Both Drs BALBER & NICKLIN are gentlemen in every way competent and worthy of any confidence that may be placed in them and as such I can conscientiously recommend them to my former friends and patrons.

J. H HATCH

MRS DR. S A OWENS,

Office and residence east side First Street between Yamhill and Taylor. Special attention given to Women and Children complaints. Also gives Medicated Vapor Baths in treating Rheumatism and Chronic Diseases.

An Extended Popularity.—Each year finds *Brown's Bronchial Troches* in new localities in various parts of the world. For relieving Coughs Colds and Throat Diseases the Troches have been *proved* reliable.

If *Johnson's Anodyne Liniment* is half as valuable as people say it is no family should be without it. Certainly no person be he lawyer doctor minister or of any other profession should start on a journey without it. No sailor fisherman or woodman should be without it. In fact it is needed wherever there is an ache, sprain cut bruise cough or cold.

Farmers and "Horse Men" are continually inquiring what we know of the utility of *Sheridan's Cavalry Condition Powders* and in reply we would say through the columns of the OREGONIAN that we have heard from hundreds who have used them with gratifying results, that is also our experience.

POND'S EXTRACT.—The Great Family Medicine of the Age differs from all advertised preparations in the fact that it is a standard medicine of recognized merit and has for many years been treated of in medical writings. It has been the chief reliance of thousands of families for all the minor ailments accidents or casualties that have occurred among them. As an alleviator of pain and a promoter of permanent cure it has no equal. Ask your druggist about it.

HER WISH

We drove through forests dark and still,
And rugged canyons, up the hill—
Then gazed afar—but neither spoke,
So sound the solemn stillness broke,
Save when the fragrant air was stirred
By drone of bee, or wing of bird
The day was summer's brightest best,
When earth appears the loveliest—
Above the blue unclouded sky
Before the snow capped mountains high,
Beneath the river winding down
Through the meadows, beyond the town
So fair—so still—there scarce could be
A fitter place for reverie
My thoughts went wand'ring Heaven knows where,
Or would have gone were she not there.
And her's! To know what thrilled her heart,
Would baffle man's most subtle art!
Some wistful longing on her face
Had left of sadness just a trace—
And her proud eyes' splendid fire
Was restless with some vain desire
I spoke no word to break the spell
That dreams or mem'ry wrought so well
I waited until turning slow,
With ling'ring accents soft and low,
She said "I wish a shop were near
Where I could get a glass of beer!"

MARQUAM'S HILL, June, 1876.

THE TERRITORIES.

The logs rafted along Skagit river, W. T., this spring, amount to about 2,000,000 feet.

A man named Higgins is to be shot at Salt Lake on the 24th inst for the crime of murder. He chooses that mode of death in preference to hanging.

John A. Logan was recently killed at Hackberry, Arizona. He owned some considerable property at the time of his death which he bequeathed to a Masonic lodge in Idaho.

Two brothers, named Leggett, living near Texas creek postoffice, Wet Mountain valley, Colorado, went out hunting one day last week. They succeeded in wounding a deer, and were in hot pursuit of the game. One brother, who was a few feet in advance, stooped low to allow the other to fire over his head, he being in range with the game. The one behind, however, was a little slow in firing, and just as his gun was discharged his brother rose up, and the bullet pierced his neck, killing him instantly.

A wonderful game of three-ball or French carom billiards was played at the American House, Denver, a day or two ago. Andy Finn, a promising billiard expert, by the gentlest nursing imaginable, made a run of 238. The largest run ever recorded was made in Philadelphia recently by Sexton, and mentioned in the telegraphic dispatches at the time. The number of points scored by that brilliant expert was only 237. Previous to that achievement the largest run ever made in a three-ball game was 209. The Denver expert's playing takes first rank in exhibitions with the cue and chalk.

Last Thursday night, says a Utah exchange, when the stage from Hamilton to Pioche had arrived at a point 65 miles from Hamilton, a man suddenly sprang from the sage brush and ordered the driver to "pass down the box," supplementing the order with another to drive ahead as soon as he handed down the treasure receptacle. The driver passed down the box as directed, and stated to the robber that there was a bad place in the road just ahead, which he wished to examine before passing over. Phil. Barnhardt, Wells, Fargo & Co.'s messenger, slipped out of the opposite side of the coach, and passing around him, joined in the conversation. The robber's attention was thus diverted, and in the darkness Barnhardt raised his shot gun and discharged both barrels. The horses, frightened at the report, wheeled and ran back to the first station. The messenger picked up the treasure box and returned afoot to the same point. The next morning the dead body of the robber was found, riddled with bullets.

BRITISH COLUMBIA.

Mr. C. Booth has been created gold commissioner and magistrate for Kootenay.

The stern-wheeler, *Beaver*, from Portland to Stikine river left Victoria on Saturday.

The Baptists intend erecting an edifice in Victoria, to cost $8,000. It will be the tenth church in that city.

The U. S. Revenue cutter *Oliver Wolcott* is going to Victoria to have her machinery overhauled and repaired.

The Chief Commissioner received a telegram on Sunday from Mr. Mahood conveying the gratifying intelligence that Lytton bridge is safe.

A few days ago at New Westminster a man named James White, while in the act of firing off a gun, received a fragment of a cap, it is supposed, in the right eye. The result was a complete division of the pupil and consequent destruction of the eye.

Dick (the fisherman), a Nanaimo Indian, will "potlatch" 1,000 blankets to about 500 New Westminster, Cowichan, Penelicot and Chemainus Indians, on Monday next, commencing at 10 o'clock. Yesterday Comox Tom "potlatched" 45 sacks of flour.

The light house on Entrance Island was lit up Thursday night for the first time. Mr. John Kenny, late of Newcastle, has charge of the light house. There is one strange feature about lighting up this light house—not a day's notice has been given to mariners of such a light.

Report says that the wife of Capt. Sawyer has become demented. It will be remembered the ship *Orpheus* which collided with the steamship *Pacific*, was commanded by Capt. Sawyer; the harrowing details of the wreck and the dreadful sufferings of the *Pacific's* passengers have so preyed upon Mrs. Sawyer's mind that she has at last become bereft of her reason.

It is stated that the Government has now under consideration a scheme almost similar to that inaugurated by the late Administration, for constructing the Canada Pacific Railway; the proposition being to give $10,000 per mile, together with a land grant; and it is said that a company is to be organized to undertake the project and float the bonds on the English market.

Ashland shipped a wagon-load of home-made soap to Lake county last week.

BAY VIEW HOUSE,

BAKER'S BAY, UNITY, W. T.

MR. DEXTER INFORMS THE PUBLIC that his House is now open for the reception of guests. Its advantages in every respect over any other Summer Resort are too well known to Oregonians to repeat here. To strangers I will say that the place is in plain sight and across the Bay from Astoria, on the sheltered side of Cape Hancock, and very near and adjacent to the Fort and Lighthouse, on Baker's Bay, a beautiful sheet of water, unequaled for Sailing, Rowing, Fishing and Bathing. The dark forest with its picturesque drives, its mountain springs, profusion of wild berries, wild flowers and ferns, the horse trail to the Cape for Equestrians or walkers, is one of the most delightful Panoramas to the eye ever witnessed. The cosy beaches, its caves, luxuriantly wooded Island, its views of Astoria, Chinook, Fort Stevens, moist old Tillamook, in the blue distance.

The courteous hospitality of the officers of the Garrison at the Fort, and also of Mr Munson and family, of the Lighthouse, make that place well worthy of a visit.

The Salt Water Bathing in the bay, within a few feet of the hotel, excels anything far or near, for warmth of the water and mildness of its waves, far preferable to the heavy surf and cold winds for women, children and invalids, while the sturdy swimmer or those who love the foaming surf, in a few minutes walk will find a beach unsurpassed in beauty, hard and level for one continuous drive of thirty miles. At this end are huge rocks stretching out into the ocean, from which fishers take from the sea Bass, Rockfish, Tom Cod, Porg es, etc., etc., Crabs, Clams, Oysters, &c., in abundance, (and the Table will never lack a sufficiency of those desirable adjuncts.) Boats upon the Bay. Saddle Ponies for the children. Teams to the Weather Beach, Croquet, Swings, Quoits, etc., FREE to guests.

Prices reduced from the old tariff.

To those who would like to camp out, wood and water and use of ground free. Groceries, provisions, milk, eggs, butter, etc., for sale at a small profit. Campers can board at the Hotel if they prefer at fair rates. A large Livery Stable, two new and fine Ten Pin Alleys, attached to the place.

Stage Office to Oysterville, Postoffice, Wells, Fargo & Co's office also there. No raw winds or damp fogs, and more beautiful tracks and shady groves cannot be found. The only regret the Landlord has is that his house is not larger, but his grounds are large enough and beautiful enough to warrant next season a Hotel worthy of the surroundings.

LAND FOR IMMIGRANTS.

Choice Farms for Sale.

4,000 ACRES, IN QUANTITIES TO SUIT PURCHASERS.

230 ACRES DUE SOUTH AND ADJOINING the Railroad Depot at Salem, all under cultivation and suitable for grain or vegetables.

946 Acres, four miles southeast of Salem on the railroad with Mill creek running through it. This is the choicest farming land in Marion county, with fine springs consisting in part of the old Rector donation claim on which I raised the past year fifty bushels of wheat and three tons of timothy per acre. The first crop of oats ever raised on part of this land measured ninety four bushels per acre, grain weighed and ground chained by Mr. Alfred Stanton, of Salem.

2,700 Acres of prairie and light brush land with timber for farming purposes, bounded by the Willamette River for four miles, beautiful lake on the east, boat landings all along the river, commencing four miles north of Salem; all choice grain land—the largest and most suitable body of land to be found in the Willamette Valley to be purchased by a colony. To be sold from $14 to $25 per acre. This land will all be immediately resurveyed and can be sold in larger or smaller parcels, to suit purchasers. It can be subdivided to the best possible advantage, and I can do it by person or persons or colony of persons desiring to purchase homes in the best part of the Willamette Valley, near the city of Salem and within reach of the best social advantages, as well as most favorably located with respect to markets, greater advantages, on more favorable terms, than they can ever expect to realize again.

VALUABLE LANDS FOR SALE.

600,000 Acres in

EASTERN OREGON!

For Farming and Grazing Purposes.

THESE LANDS ARE SITUATED IN WASCO, Grant and Baker counties, and are offered for sale in such sized tracts, not less than 160 acres, as purchasers may desire. Here is afforded a most favorable opportunity to immigrants and settlers seeking homes and low priced land to acquire both on the most reasonable terms. These lands are excellent for farming and grazing. On most of the tracts no grubbing, or other preparation of the land for plowing is requisite. A growth of nutritious grass covers the uplands, affording the best of pasturage, while in the valleys and bottom lands the grass can be mowed and made into hay. Living springs and streams water the lands in various directions. The uplands, or rolling lands, can be put into crops with the most satisfactory return. Fruit, particularly peaches, plums, grapes, apples, pears and cherries, as well as the smaller fruits, can be grown in great abundance. The climate of Eastern Oregon is very healthful. Flourishing towns are located at convenient points for traffic; the mails are regularly conveyed throughout that section, and a prosperous population is already established, occupied in farming, stock growing, mining, and various other pursuits.

Terms $1 25 per acre and upwards, according to quality and quantity. Interest ten per cent. on deferred payments.
